

## Installation and usage instructions

Thank you for choosing a MOBILEGUARD reusable spill containment (duck pond). We've provided the following guidelines to ensure proper installation and maintenance. When installed and maintained properly, you can expect years of worry-free usage.

### Usage guidelines

<p>✓ Place on level, compacted surface</p>	<p>✗ Don't place over pit or hole</p>	<p>✗ Do not drill, cut or place sharp objects on basin</p>	<p>✓ Store on level surface, stack upside down or hang by handle</p>
<p>✗ Don't place on large or sharp objects</p>	<p>✗ Don't place on unlevelled surface</p>	<p>✗ Do not expose to non-compatible chemicals*</p>	<p>✗ Do not exceed capacity or temperature ratings*</p>

\*User is responsible for chemical compatibility. See our chemical compatibility sheet for a list of compatibility ratings for common industrial chemicals. Temperature rating: not to exceed 165°
